

Tyrolit DC ALL

One disc for any materials

The DC ALL diamond cutting blades are the allrounders in the Tyrolit assortment. The robust saw blades are excellently suitable for almost all materials in sanitary areas, for interior construction and in the gardening and landscaping sector.

- + Complete several tasks with just one DC ALL disc. This eliminates the need for inconvenient tool changes and increases productivity.
- + The small diameters, 115 and 125 mm, are available in a particularly thin and comfortable FAST-CUT version.
- + The DC ALL RESCUE, available in diameters of 300, 350 & 400 mm, scores with shot-peened slot bases for even more safety. Ideal for rescue and firefighting operations.
