Cutting depths up to 705 mm

Tool-free motor fastening

Light and sturdy:
Blade guard

Compact and light control
unit, handy remote control
with display

The WSE1621 was developed for universal usage and the daily use on the construction site. Thanks to the digital features and the compact and light design, this newly developed system is setting new standards in wall sawing. Assembly

and disassembly are done in an instant thanks to the ultralight blade guard and the tool-free motor fastening. The radio remote control comes with a display informing the user about all important details during cutting. The game-changing

P2® Technology allows for outstanding reliability combined with optimized power. Apart from wall sawing, this wall saw's motor and control unit can also be used for wire sawing and drilling.
